Volunteerism: Active Volunteer via "Nahno" Platform

PROFESSIONAL SUMMARY

Motivated Digital Marketing student at Al al-Bayt University with a strong interest in digital marketing, artificial intelligence, architectural and event photography, and content creation. Experienced in using AI tools to improve productivity and create engaging digital content. Passionate about photography, with proven experience capturing university campus architecture, buildings, community volunteer initiatives, workshops, and events. An active volunteer through the Nahno Platform, always eager to learn, develop new skills, and contribute effectively to creative teams.

PHOTOGRAPHY & CREATIVE EXPERIENCE

Hobby & Architectural Photographer

University Campus & Community Events | Mafrq, Jordan

- Captured high-quality landscape and architectural photography of university buildings and campus infrastructure.
- Provided visual coverage for volunteer initiatives and community development workshops.
- Captured candid and professional shots during training sessions and public events.
- Produced and edited high-quality visual content tailored for social media platforms to increase online engagement.
- Focused on capturing sharp and impactful visual assets representing both campus facilities and key community gatherings.
