

Maram Al-Jbareen

Digital Economy Student | Graphic Designer | Digital Marketing Enthusiast

Ideas *made* useful.

I am a Digital Economy bachelor's student at Al al-Bayt University with a strong interest in business, digital marketing, graphic design, and creative technology. I enjoy combining creativity, technology, and business to create practical and meaningful solutions.

01 / PROFILE

A little about me

I chose Digital Economy because of my strong interest in business, entrepreneurship, marketing, and the digital world. I am passionate about combining creativity with technology and business, and I continue developing my skills through courses, freelance work, volunteering, teamwork, projects, hackathons, and university activities.

STUDYING

Bachelor's in Digital Economy
