EXPERIENCE

Field Innovation Lab Team Leader | Apr 2025 – Jul 2025
CEWAS & World Food Programme (WFP) – Mafrq, Jordan

- Led a multidisciplinary team and analyzed qualitative and quantitative data from 50+ stakeholders to assess agricultural market challenges.
- Conducted field research, stakeholder interviews, and primary data validation.
- Authored an analytical report titled “Marketing Gaps in Mafrq” presenting evidence-based findings and strategic recommendations.
- Identified operational improvement opportunities to enhance local agricultural sustainability and market access.

Independent Data Analysis Consultant (Project-Based)
Jordan | May 2022 – Present

- Performed statistical analysis using SPSS, Python, and Advanced Excel.
- Developed interactive dashboards in Power BI to visualize KPIs and performance indicators.
- Conducted data cleaning, preprocessing, and structured reporting for academic and sustainability-focused projects.
- Designed a funded AI-supported analytical model (in partnership with Jordan River Foundation) to evaluate and reduce food waste through data-driven decision-making.
