Professional Summary

Medical Technologist with experience in microbiology, clinical research, and field research. Skilled in laboratory testing, sample processing, data collection, documentation, and quality assurance. Experienced in conducting field surveys, collecting quantitative and qualitative data using digital data collection tools, and ensuring compliance with research protocols, ethical standards, Good Clinical Practice (GCP), and Good Manufacturing Practice (GMP). Strong analytical, organizational, and communication skills with proficiency in Microsoft Office and electronic data collection platforms.

Education

Bachelor's Degree in Applied Microbiology
Al-Balqa Applied University

2018 – 2022

Professional Experience

Medical Technologist
International Pharmaceutical Research Center (IPRC)

2022 – Present

- Performed microbiological laboratory testing and analysis.
- Processed and handled biological samples according to laboratory protocols.
- Maintained accurate laboratory documentation and records.
- Assisted in clinical research activities and study-related laboratory procedures.
- Ensured compliance with GCP, GMP, SOPs, and quality standards.
- Collaborated with multidisciplinary teams to support research projects.
- Followed biosafety and infection control procedures.

Field Researcher (Projects)

Mindset

- Conducted household and community surveys using structured questionnaires.
- Collected accurate quantitative and qualitative data through face-to-face interviews.
- Used digital data collection platforms such as ODK and KoboToolbox.
- Ensured informed consent and maintained participant confidentiality throughout the data collection process.
- Verified data quality, completeness, and consistency before submission.
- Followed research protocols, ethical guidelines, and organizational procedures.

Skills

- Microbiology Laboratory Techniques
- Clinical Research Support
- Sample Collection and Processing
- Laboratory Documentation
- Good Clinical Practice (GCP)
- Good Manufacturing Practice (GMP)
- Quality Control
- Data Entry and Record Manage

Certifications

- Basic Life Support (BLS)
- Good Manufacturing Practice (GMP)
- DigiSkill Apprenticeship programme
